1. Instructions regarding the conscription of specialists have been received by the Soviet authorities in the Russian Zone of Germany from Moscow. They call for the "recruiting" of the following types of personnel:
 - (a) All specialists in rocket projectiles, remote control, and other aeronautical subjects.
 - (b) Specialists in fuels and raw materials, and biologists.
 - (c) Doctors, particularly surgeons and X-ray specialists, and dentists with special qualifications.
 - (d) Specialists in animal and plant breeding.
 - (e) Specialists in agricultural machinery.
 - (f) Specialists in motor vehicle manufacture and in transportation subjects generally.
 - (g) Specialists to reerect in the USSR the dismantled German factories.

2. The Zentralverwaltung fur Industrie has received instructions to carry out with the help of the police a registration of all male technicians up to the age of forty-five. Specialist training and capacity for work must be reported in detail. The Zentralverwaltung was to have reported by 30 November 1946 to the SMA in Karlshorst on the results of this registration operation.
